EDUCATION

Bachelor of Technology
ST.JOHNS COLLEGE OF
ENGINEERING & TECHNOLOGY,
Yemiganur

2022 - 2026 / CGPA:7.57

Intermediate (MPC)
Narayana Jr. College,
Kurnool
Board of Intermediate Education
2020 - 2022 / CGPA:5.2

SSC
Keshava Reddy Concept
School
Board of Secondary Education
2020 / CGPA:10

TECHNICAL SKILLS

AI-Development:

v0.dev, ChatGPT Prompt
Engineering, AI-Generated
Code Validation

Web Development:

Django, HTML/CSS,
JavaScript(basic), QR Code
Systems

Machine Learning:

TensorFlow, Keras, Neural
Networks, Pandas, NumPy

CyberSecurity:

Basics of Networking

OBJECTIVE

Machine Learning Engineer with expertise in developing end-to-end AI solutions and web applications. Proven ability to design scalable systems using Python, Django, and TensorFlow, with a strong focus on data-driven decision making. Passionate about building secure authentication systems (QR/Web) and predictive models with measurable business impact.

PROJECTS

- CollegeGatePassSystem | Django,Python,QRAuth [GITHUB](#)
- Car SalesPricePrediction|TensorFlow,ANN [GITHUB](#)
- AI-Generated Fitness Platform | v0.dev, ChatGPT [LINK](#)

CERTIFICATION

- Python Certification – **Kaggle**
- Problem Solving Certification – **HackerRank**
- Software Engineer Intern Certificate – **HackerRank**
- Deloitte Australia's Data Analytics – **Forage**
- SQL Advance – **HackerRank**

PROGRAMMING LANGUAGES

- Python (Advanced)
- SQL
- Java (Basic)
- C-programming

Achievements

- Participated in JIGNASA 2024 technical event
- Multiple HackerRank skill badges
- Multiple skill badges in Google Cloud

Internships & Experience

- Deloitte Data Analytics **2025-Jan**
- SOC CyberSecurity **2025 Jun - Present**
